

PRESS RELEASE – July 3, 2009

XClinical to exhibit with ASKLEP and present at the CDISC Interchange to be held in Tokyo, Japan

XClinical GmbH and ASKLEP Inc. will exhibit jointly at the CDISC Japan Interchange to be held in Tokyo on July 14th to July 17th, 2009. XClinical has also been selected for a presentation in the area “Vendor Applications and Tools”.

XCLINICAL GMBH, Munich, Germany – July 3, 2009 – XClinical, a European vendor of innovative software products for eClinical trials, known for its innovative and user-friendly CDISC ODM certified EDC software suite MARVIN, today announced its comprehensive participation at the CDISC Interchange in Tokyo, Japan.

XClinical will exhibit together with its Japanese CRO partner ASKLEP at the CDISC event. ASKLEP has two projects running in Japan using MARVIN in the Japanese language. XClinical and ASKLEP welcome visitors to drop by their booth during the event to view demonstrations of MARVIN.

In addition to attending as exhibitor, XClinical’s Head of Business Development, Dr. Claus Lindenau, will be speaking in the session “CDISC End-To-End”. In his presentation he will talk about the benefits of using CDISC ODM certified tools to define the CRF structure and the metadata of a CRF. This includes for example the advantages for generating database table definitions and annotated CRF as well as the validation of the CRF structure.
